VOLUME XXXIII. UKIAH CITY, MENDOCINO COUNTY, CAL., FRIDAY MORNING, JANUARY 24, 1902. NUMBER 18

IMPORTANT HAPPENINGS

The Henley Ranch Disposed of to D. T. Johnson.

Little Harry Hughes Accidentally Shoots Himself.

Henley Ranch Sold.

In the foreclosure sale last Saturday of the Bank of Ukiah and D. T. Johnson vs. the Henley Bros., Johnson became the purchaser of all the interest of the Henley Bros. to the estate, paying $6000 for the personal property and about $8000 for the real property, subject to the mortgage of something like $32,000, which is held in San Francisco.

This is one of the best ranches in the county, and consists of about 2000 acres of fine valley land, 5000 acres of range land. Johnson has had the ranch leased for the past two years and has been eminently successful in conducting it. Last fall he harvested 5500 sacks of grain off the ranch. The ranch is well stocked with fine cattle, hogs and sheep, and young Johnson will do well with the ranch.

May Use the Old Register.

As the old Great Register is cancelled by operation of law, and as the new register will probably not be completed in time for the coming municipal election or for the general primaries, some doubt has been expressed about the proper course to pursue. Circumstances of this kind seem to be provided for in the law, which says: "That where a new registration pursuant to law is not completed in point of time sufficient to permit of its use at the next ensuing primary election, then the register used at the last general election in any county, or city and county, in this State, may be used at any primary election together with supplemental registers or additions showing all additional registration, changes and corrections made since the last general election." This section was added March 1, 1899, and went into effect at once.

Knights of Pythias Coming.

Major General J. R. Carnahan, commander of the Uniform Rank Knights of Pythias, is in California. The supreme convention of the order and the grand encampment of the Uniform Rank, will be held in San Francisco during the second week in August. A round trip fare of $50 from Chicago has been made, and thousands of Knights from all over the Union are expected to come. General Carnahan says that Ohio, Indiana, Illinois and Michigan will send 5000 uniformed knights, Pennsylvania will send 700 and the New England and Southern States will send large delegations. The number to come from the other States, he said, will depend largely upon the rate the citizens can induce the railway companies to make from points other than Chicago. A feature of the meeting will be mounted cavalry from Missouri. The state of Washington, he said, will send between 3000 and 4000 strangers to the city.

Gray-Price.

R. T. Gray, formerly of this city, and Miss Olive Price of Ukiah were married in San Francisco on the 16th inst. Mr. Gray was formerly pastor of the Baptist Church here and later at Fort Bragg. He now represents the New York Life Insurance Co. The bride was born and reared in Ukiah and was one of Mendocino's successful teachers. They will make their home in Santa Rosa.

NAVAL ENGAGEMENT IN HARBOR OF PANAMA.

PANAMA, Jan. 21.—The greatest naval battle in the history of Panama was fought here yesterday. The Colombian rebels set on fire and sank the government boat Lautaro. The loss on the government side was heavy, and a smaller loss ensued on the side of the Liberals. The Marines of the U. S. S. Philadelphia rescued many of the wounded from the Lautaro.

General Alban the civil and military governor of Panama, and the northern coast of Colombia, kas killed while leading his forces in person on board the vessel which sank. He was killed by a bullet from one of the rebel gun-boats. The crew of the Lautaro deserted the ship after the killing of their leader. The ship was on fire when she was deserted.

Harry Hughes Shot.

Last Wednesday afternoon little Harry Hughes, the 11 year old son of C. A. Hughes, was accidently shot thru the body with a 22 calibre rifle. Harry was playing with his cousin Jerrold Hughes, in the paint shop of the latter's father James Hughes, when the gun was accidently discharged. James Hughes was near at hand and immediately carried the injured boy to his home. Drs. Moore and Bond were summoned and found that the ball had entered the body to the left of the center in front, striking the seventh rib, passing thru the lower part of the lung and lodging near the spinal column just below the shoulder blade.

The ball was extracted, and a small piece of the rib which it struck was still adhering to it. The wound is serious, but not necessarily fatal. If no blood poisoning or pleurisy supervene the chances for recovery are good.

Miss Hazel Handy Married.

Last week Miss Hazel H. Handy, of this city, sprung a big surprise on her family and friends. She had been going along the even tenor of her way, teaching school and mingling with her friends in her usual affable manner. Nobody guessed that she was a married woman, and yet more than six months ago she was a bride. She was married July 13th 1901, in San Joaquin County, to Mr. L. Packer, of Pitcher New York. Mr. Packer is a nephew of Mrs. Charles Fenton whose husband is a well known stock man of this County. The marriage was kept a secret, even from the bride's mother, brothers and sisters, because of parental objections to the match. When Mr. Packer decided to go East to reside, which he did partly on account of the ill health of his mother, it became necessary for her to acquaint her family with the fact of the marriage. The young couple departed for New York last Friday, and members of the bride's family went down to see them off and to give them God speed.

Tho it comes rather late, THE DISPATCH extends congratulations and good wishes, at the same time regretting that we are to lose so amiable a young lady from our midst.

A "Coon" Case.

Justice Critchfield and a jury were occupied yesterday in the trial of Howard Hogan, a colored man of darkest hue, on a charge of disturbing the peace. District Attorney Poage conducted the prosecution and Attorney Stingley represented the defendant. The case was based on a "scrimmage" which occurred in a saloon between the defendant and "Bob" Williams. The jury seemed to think the darkey acted in self-defense, as they found a verdict of not guilty. The coon seemed to enjoy the fun which cropped out during the trial as much as any of the numerous spectators.

GENERAL NEWS OF THE WEEK

What Our Neighbors are Doing and Saying.

Summary of What has Just Occurred. Accidents And Incidents.

Frank Weger, the jolly traveling man, was in town last Tuesday.

The Mason Hardware Store is now in the hands of the San Francisco Board of Trade.

Mrs. F. M. Mason, of Oakland, has been in town this week looking after property interests.

Bob Graham, a prominent citizen of Lake county, was a visitor in town the first of the week.

The public schools at Stockton reopened Monday, the spread of smallpox having been checked.

The rain of the last week has been just what the county needed and farmers are evidently well pleased.

Smallpox has made its appearance at Kern city, Kern county, and the schools have been temporarily closed.

H. B. Smith, who is the inspector of the Masonic lodges of this district, left Wednesday for Covelo to pay a fraternal visit to that lodge.

February 19, 20, 21 and 22 have been set as the dates for the Cloverdale Citrus Fair. Thursday, February 20th will be "Mendocino County Day."

School opened last Monday. It will be only a few weeks till all the pupils are back in school. Some are still out on account of vaccinated arms.

John L. McNab went to Santa Rosa last Tuesday. He is anticipating a mid winter jaunt in the high Sierras, says the Santa Rosa Republican.

James Jamison and family returned Saturday from Sherwood where they had gone on a pleasant vacation. Jim killed a "bar" while in the wilds of Sherwood.

Sam Duncan came up from San Francisco the latter part of last week to attend to some business of the Willard estate, of which he is the administrator.

Mrs. Waldrop, wife of Rev. Joe Waldrop, is reported considerably better. It will be remembered that she was stricken with paralysis at her home near Healdsburg last week.

A report was current in Petaluma Monday that the California Northwestern Railway has been bonded to the Northern Pacific Company, and that the latter is now hunting for a route from Willits to Portland, Oregon.

The estate of the late Rev. John L. Burchard is valued at $3,500, and his son L. S. Burchard has petitioned for letters of administration on the same. The estate consists of money, personal property, a house and lot in Santa Rosa and 40 acres of land in Mendocino county.

Some people pretend to believe that advertising doesn't pay, but that's nonsense. Why, even the lower animals respond to judicious advertising. One evening last week Willie Grover's calf found out that a special sale was being advertised in THE DISPATCH by one of the leading department stores of the town, and breaking away from Willie at milking time, made a bee line for that store, walked right in and began looking around at the fine display of goods. And the visit only cost Willie half a dollar.

A. W. Upp was down from Willits Monday.

Wm. Thompson was in from Comptche one day last week.

T. P. Hopkins was among the Potterites in town last Tuesday.

Mrs. H. Mulson, of Ft Bragg, was a guest at the Grand Tuesday.

Joe Ainslie once more handles the ribbons on Johnson's stage line.

Geo. E. White, of Round Valley, was an arrival in town Tuesday.

Geo. Stevenson, of Westport, was in town last Monday on business.

E. Senter, a democratic war horse of Hopland, was in town last Saturday.

Geo. W. Upp and wife, of Willits, passed thru town Sunday en route to the city.

Dave Johnson, the Covelo rancher, was at the county seat last Saturday on important business.

L. P. Grover, one of Potter Valley's most enterprising farmers, was at the county seat Monday with a load of produce.

Howard Morrow, of Fort Bragg, passed thru town Tuesday en route to the city, where he expects to remain for three or four months.

Mart Baechtel, who with his family have been spending the winter at Niles, came up last Saturday evening to attend to business matters.

Mr. and Mrs. Sam Hartman, of Chehalis, Washington, are visiting Mr. and Mrs. C. Hofman this week. Mrs. Hartman is a niece of Mrs. Hofman.

Judge J. A. Cooper came up from San Francisco last week to attend to property interests here. The Judge is in splendid health and is getting handsomer every day.

Dr. S. T. Luce has purchased the dental office and furniture of J. T. Perrault, of Cloverdale, and left last Sunday for the above city to begin the practice of his profession.

On Friday evening, February 14th, the Young People's Society of the Christian church will give a Valentine and Rainbow social. A most interesting and amusing program is being prepared.

Smallpox has broken out among the Indians at Susanville, Lassen county and on the reservation and allotments in the vicinity of that town. The disease has usually been very fatal among Indians, owing to their peculiar habits and ignorance.

In a communication from our friend G. A. Devilbiss, of Rockport, we are informed that dogs are playing havoc with the sheep in the Eel river country, east of Kenny. Last week dogs got into a flock of sheep on the Joe King place and killed 140 of them.

The flour mill trust, known as the Sperry Flour Company, has acquired by purchase, the Capitol Mills in San Francisco. Besides this, the Sperry Company, of which Horace Davis is President, owns or controls twelve of the leading mills of the State, which consume 32,000 sacks of wheat per day.

It is said that the Cured Fruit Association will soon declare two dividends, one for hold-over prunes and one for sales made of the last crop. It is thot the two dividends will aggregate $1,000,000. It is also said that last year's crop will also be disposed of before the new crop comes in. Organization, if adhered to will accomplish the desired results.

"Is Woman the Equal of Man?" Dr. McWilliams will deliver a discourse upon the above subject at the Christian church on Sunday evening. Friends are urged to be on time. The service will commence at 7:30 and close at 8:30. "How did Christ Establish His Church?" will be the topic of the morning sermon. Mrs. McWilliams desires to meet the Endeavorers at 6:30 o'clock P. M.

E. A. and C. S. Middleton were in town one day this week.

Chas. Jourden came down from Willits the latter part of last week.

Geo. Howard, of Westport, had business in town the first of the week.

BORN—In Ukiah, Tuesday night, January 21st, to the wife of Ed Roth—a son.

Pat Cunningham is confined to his bed this week with a slight attack of pneumonia.

Mrs. N. B. Kirtley and Mrs. W. A. Ford left this morning for a three weeks' visit to their parents and other relatives in Sutter county.

W. A. Ford bought 33 bales of hops from C. W. Broback last Saturday, and 236 bales from Geo. Hulett, of Hopland, Tuesday.

Six fish nets have been seized on Russian river in Sonoma county and condemnation suits have been begun by the fish commissioner.

A. J. Bledsoe has been in San Francisco this week, trying the Miller insurance cases which were transferred from this county.

Wm. Monroe, of Mendocino, was in town the first of the week and procured a marriage license and rushed back to Mendocino in a hurry. Congratulations, William.

Rev. Joe Waldrop returned from San Francisco early in the week. He says the reports about Mrs. Waldrop having a stroke of paralysis were greatly exaggerated. She is enjoying her usual health.

Two carloads of wine shipped from Asti, Sonoma county, one to Indianapolis and one to Utica, reached their destination in a frozen condition, the cars having passed thru an intensely cold belt.

It is not generally known, even in this State, that two Holland submarine torpedo boats are being built for the government at the Union Iron Works. They are to be called the Grampus and the Pike, and the launching blocks are already being placed under the Grampus.

The mean maximum temperature at Ukiah for the month of December was 59.5° and the mean minimum was 31°. The maximum temperature was 60° and above for 16 days and between 50° and 60° for 14 days. It was below 50° only one day and then it was 49.24°. The minimum temperature ranged from 55° on the 2nd to 21° on the 13th.

Eyesight Restored.

Mrs. Rice, of Littleriver, who went to Dr. Voorhies' private hospital at 1220 Sutter street, San Francisco, a few weeks ago, came up this week and stopped over with her relative Mrs. Perkins, before resuming her journey home. Mrs. Rice was blind from cataract of the eye when she went to Dr. Voorhies' hospital some weeks ago, but after successful treatment, has splendid sight now, and will return home in the best of spirits. She was recommended to go to Dr. Voorhies by Dr. W. N. Moore and is loud in the doctor's praise. Her many friends will be pleased to know her sight has been restored.

Miss Elsie Bechtol has been quite ill for some time, but is now some better. Her father came up from San Francisco to visit her a few days ago.

Our attention has been called to the fact that there is a town ordinance against discharging fire arms within the city limits, and that the practice of shooting at birds with small rifles, which has been indulged in by boys to a considerable extent is very dangerous. Some families are greatly annoyed and alarmed by this practice, and it ought to be stopped.

W. J. Sander, the Fort Bragg hardware man, was in town yesterday.

LETTER FROM GREENWOOD

GREENWOOD, Jan. 21, 1902.

Mr. and Mrs. Sam McCanse have gone to San Francisco for a few weeks, on account of Mrs. McCanse's poor health.

W. P. McFaul, representing Moore Hunt & Co., was here during the week. His trip has been a most successful one.

Joseph Walsh, of Miller, was in town on Friday last.

Mrs. Frank Hall, who has entirely recovered her health, is expected here on the next steamer.

The erection of the new bark mill of the California Tanning Extract Company is going on steadily under the supervision of Fred Merriam.

The young son of Mat Molice was drowned in Elk creek on Sunday last. While playing on a log which was stretched across the creek, he slipped and fell in. An inquest held by Deputy Coroner Reese resulted in a verdict of accidental drowning.

Greenwood Parlor, N. S. G. W., held a public installation on Friday last. The new officers were installed by D. D. G. P. Henry Little. A dance and supper followed. The installation was well attended and enjoyed by all.

Supervisor Bob Rawles, of Anderson Valley, was here on Monday last.

Several of the members of our local parlor of Native Sons attended the installation of Point Arena Parlor on Saturday evening.

Having finished the repairs on the new Greenwood dam, Wilder Pullen returned to Littleriver the latter part of last week.

Our local lodge of Maccabees purposes giving an entertainment and dance on Saturday evening, February 8th, 1902. MARIGOLD.

ELK WOODS.

ELK, Jan. 20, 1902.

We had quite a heavy rain Saturday. The grass is looking well and stock are doing splendidly.

Sam McCanse, and wife have gone to the city for a brief stay. Sam is our woods boss.

Joe Gordon make a flying trip to town last week and reports everything rushing in town.

Jim McKay caught an 80 lb coon last week.

Mrs. Geo. Lacross went to the city last week and George gave Dog Town a visit.

John Hendrickson had the misfortune to mash his right hand and break a finger while loading cars with a jack screw. Both locomotives are on the road.

Pat Looney of Greenwood is now stopping at Dog Town, where he is sledding ties.

Ham Thrasher, who has been off on a few weeks vacation, has returned to work. He reports the nights chilly in Greenwood.

Oliver Molice, the 5 year old son of Mr. and Mrs. Mat Molice was playing along the creek and fell in and was drowned.

HOBO.

Uniform Rank Election.

The Uniform Rank Knights of Pythias met at Sanford's Hall Wednesday night for the purpose of electing officers for the ensuing year. The following were elected:

Captain, Abe Marks.
First Lieutenant, C. H. Kent.
Second Lieutenant, L. C. McLeod.

ALL OVER THE HOUSE.

Information From an Authority on Cleaning Old Engravings.

The cleaning of old engravings requires special care, and it is sometimes prudent, if they are rare masterpieces, not to confine this operation to strange hands. We give a process of cleaning the result of which is excellent and which we have seen adopted by one of the most celebrated collectors of engravings in Paris. The engraving must be soaked for twelve hours in a flat bottomed basin containing a solution of a half ounce of carbonate of potassium in a half gallon of water; it is then taken out, shaken and placed between two boards heavily weighted down, being first carefully spread between two sheets of blotting paper. It then undergoes a fresh washing by having a small jet of pure water played upon it for some hours, when it is dipped for one hour in salt water (half ounce to half gallon of water) and exposed to the air for half a day. It is then washed again in clear water and dried between two leaves of blotting paper under heavy pressure. These successive operations are somewhat long, it is true, but nevertheless far preferable to the proceedings of the so called restorers of engravings, who frequently use chloride water, which rapidly destroys the paper. Engravings so cleaned are certainly very white when they come from the hands of the cleaner, but little brown spots are soon to be perceived on the surface of the paper—spots which it is impossible to make disappear. It is on this account that paper whitened with chloride is never employed for printing good engravings or editions de luxe of books.—Art Amateur.

To Remove the Odor of Mutton.

This recipe is an original and tested one from an old cook, who made use of it for her own personal benefit. The peculiar odor which permeates the flesh of lambs and sheep, the latter especially, is very offensive to most people, and many who would otherwise enjoy the meat cannot eat it on account of this unpleasant attribute. Now, the remedy is simple and inexpensive, for all that is necessary is to take the juice of one lemon and beat with it sufficient butter to make a gravy and pour this over the meat when broiling or when putting it in to bake; it applies to frying also.

Another method which she gave, and which may possibly be known to others, is to pour the gravy of the meat when it is done over some fresh gathered mint leaves, allowing it to remain long enough for the mint to thoroughly flavor it; then pour it back over the meat. This is known as mint gravy.

Cleaning House by Machinery.

A friend in Quincy, Ill., gives a glowing account of the new apparatus which cleans house by means of compressed air without disturbing furniture, rugs or bric-a-brac. A van stations itself outside the house, and the operator runs his hose into the rooms, and with an odd little device resembling a carpet sweeper inverted he cleans everything in sight and some things which are not in sight. The machine gathers the dirt into a receptacle of its own. Walls and draperies are cleansed, upholstery, all sorts of things, without clearing the rooms. Only a few cities have been visited thus far by this twentieth century wonder worker, but the big red van promises to be a familiar figure on the landscape another spring. It hails from St. Louis.—Good Housekeeping.

The Preparation of Tea.

The chairman of the government committee of tea experts declares that few Americans understand how to make tea or how to obtain the maximum benefit from it. It should be taken between meals and without much food, when it becomes a harmless yet powerful tonic. England discovered the secret long ago and hence the universal custom of the 5 o'clock tea, midway between the luncheon and dinner hour. The preparation of the tea is more important than the quality, for the best tea badly drawn is worthless. First, the water must be fresh; second, it must be thoroughly boiled for ten minutes; third, the tea must never be allowed to boil and must never draw over ten minutes.

Milk as a Food.

The high place milk once held on the dietary list seems to be undermined. We know now that it is too heavy for the stomach when other food is taken; that unless it is sipped it forms a mass which is not easy to be digested; that when taken on an empty stomach bread or crackers should be broken into it to avoid the formation of curdlike matter, but with the addition of limewater it may be used with impunity. Brought to the scalding point it is most nourishing.

The powder puff may help to hide the ravages of time but it avails little to hide the ravages of disease. When the face is disfigured by eruptions, the treatment must go below the surface to the blood, which is corrupt and impure.

Dr. Pierce's Golden Medical Discovery cures disfiguring eruptions which are caused by impure blood. It cures scrofulous sores, erysipelas, boils, pimples, eczema, salt-rheum and other eruptive diseases which impure blood breeds and feeds.

"I was troubled with eczema from the crown of my head to the soles of my feet," writes Mrs. Ella Quick, of Cass City, Tuscola Co., Mich. "Could not walk at times nor wear my shoes. Thought there was no help for me—at least the doctor said there was none. I went to see friends at Christmas time and there heard of the good that Dr. Pierce's Golden Medical Discovery had done for them, and was advised to try it at once. For fear that I might neglect it my friend sent to the village and got a bottle and made me promise that I would take it. I had been getting worse all the time. I took thirteen bottles of the 'Golden Medical Discovery' and ten vials of Dr. Pierce's Pleasant Pellets, and used 'All-Healing Salve,' which made a complete cure. It was slow, but *sure*. I was taking the medicine about eight months.

"I would say to all who read this; try Dr. Pierce's Golden Medical Discovery before wasting time and money."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

Dr. Pierce's Pellets cleanse the clogged system from accumulated impurities.

Order to Show Cause

IN THE SUPERIOR COURT OF THE COUNTY OF MENDOCINO, STATE OF CALIFORNIA.

In the matter of the Estate of A. J. Gibson, Deceased.

It appearing to this Court from the verified petition this day presented and filed by J. A. Montgomery, the Administrator with the will annexed of the Estate of A. J. Gibson, Deceased, that it is necessary to sell the whole or some portion of the real estate of said decedent to pay the allowance of the family of said deceased, and the debts, outstanding against said decedent and the debts, expenses and charges of administration of said estate:

It is therefore ordered by this Court that all persons interested in the estate of said deceased appear before said Superior Court on Monday the 17th day of February 1902, at the hour of ten o'clock, A. M. of said day, at the courtroom of said Court, at the Court House in Ukiah City, County of Mendocino, State of California, to show cause why an order shouldnt b granted to said administrator with the will annexed to sell so much of said real estate as shall be necessary for the purposes above stated; and it is further directed that a copy of this order be published four successive weeks in the DISPATCH-DEMOCRAT, a newspaper printed and published in said County of Mendocino, State of California.

Notice is hereby given that in pursuance of an order of the Superior Court of Mendocino County, State of California, duly given and made in the Estate of Peter Hanson, Deceased, on the 2nd day of December, 1901, the undersigned, John Taylor, as the Administrator of the Estate of Peter Hanson, Deceased, will sell at private sale, to the highest bidder, for Cash, Gold Coin of the United States, subject to confirmation by said Court, on or after Monday, the 3rd day of February, 1902, at Ukiah City, Mendocino County, State of California, all the right, title, interest and estate of the said Peter Hanson, Deceased, at the time of his death, and all the right, title and interest that the said estate has by operation of law or otherwise acquired since the death of said Peter Hanson, Deceased, in and to the following described real property situate in the County of Mendocino, State of California, and particularly described as follows, to wit:—

Beginning at a point on the Northerly line of Main Street as laid down on the official map and field notes of the survey of said Town now on file in the office of the Recorder of said County, said point of beginnning being distant 53 feet Easterly from the Southeast corner of A. Berg's lot or parcel of land which is described on the said map and field notes as Lot No 7 in Block No 1, thence from said point of beginning running Northerly and at right angles with said Northerly line of Main Street 112½ feet, thence Easterly and parallel with said North line of Main street 50 feet to the Western boundary line of the lands hereinafter set forth thence following the same S 10½° E 22½ feet, S 77½° W 21 feet, S 10½° E 90 feet to the said Northerly line of Main Street, thence Westerly on the same 25 feet to point of beginning.

Also beginning at a point 112 feet and 6 inches Northerly from the Northerly line of Main Street as such Street line is designated on the official map and described in the field notes of the official survey of said Town namely, the map and field notes filed as a record in the office of the County Recorder of Mendocino County; said point of beginning being the Northwest corner of the parcel of land last described, thence from said point of beginning running Easterly on the Northern boundary of the last mentioned parcel of land and parallel with such Northerly line of Main Street fifty feet to the Western boundary of the parcel of land which is designated on said map and described in the said field notes as Lot No 8 in Block 1, thence on such Western boundary Northerly 47 feet and 6 inches to the Northwest corner of the lost mentioned lot, thence Westerly on the Southern line of Albion Street and parallel with such Northerly line of Main Street 51 feet and 7 inches to a parcel of land conveyed by William Heeser to W. A. McCornack, and thence on its Western boundary Southerly at right angles with such Northerly line of Main Street 47 feet and 6 inches to the point of beginning,

Also the Lots known and designated upon the special map of the Town of Mendocino now on record in the office of the County Recorder of Mendocino County as Lots Nos. 8 and 9 in Block Number One.

Said lands will be sold as a whole or in parcels as in the judgment of said Administrator he may deem for the best interests of said estate.

Bids for said property will be received as a whole, and also for said property in three separate parcels to wit; Bids will be received for Lot 9 in Block 1 situated on the North side of Albion street being about 70 feet by 160 feet: Bids will also be received for the lot situate between Main and Albion Streets which includes the Hanson House, shop and tank; Bids will also be received for the lot situate on the South side of Albion Street and directly North of the lot of Mrs. McClelland and being about 33 feet by 70 feet:

Said Administrator reserves the right in case he procures a higher bid for said property as a whole than he does in separate parcels, to sell the said property as a whole.

All bids or offers must be in writing, and may be left and will be received at the law offices of McNab & Hirsch in Ukiah City, Mendocino County, State of California, or may be filed with the County Clerk of said Mendocino County, at any time after the first publication of this notice and before making the said sale.

Any person offering to purchase whose offer shall be accepted by the undersigned, shall on notice of the acceptance of said offer, deposit with the undersigned ten per cent of the purchase money and pay the balance on the approval and confirmation of said sale by Superior Court.

Deed at the expense of the purchaser.

JOHN TAYLOR, Administrator of the Estate of Peter Hanson, Deceased.

Dated this 14th day of January, 1902.

The State's Crops.

The condition of crops thruout the State, as reported by the Weather Bureau January 20th is fair to good. In the Sacramento valley conditions indicate a full crop of wheat and barley. Green feed is plentiful and stock are doing well. In the central and northern coast counties grain is doing well, tho making slow growth. Orchards and vineyards are in good condition.

In the San Joaquin valley the weather has continued cold, cloudy and foggy with frequent frosts. Recent rains have benefitted feed and grain. Grain is in fair condition and fruit prospects are good. Heavy frosts have occurred in parts of Southern California. The late rains have done great good, there being sufficient in some localities to enable farmers to resume plowing and seeding. Irrigation is being freely resorted to where possible. Sugar beet planting has commenced. Late frosts have damaged oranges in some sections. The rain of Saturday night and Sunday was too light to be of much benefit at Los Angeles, but was heavier in parts of the South.

To the People of Marin, Sonoma, Mendocino and Lake Counties:

We appeal to all, both those living in towns and on ranches, who wish to take in Summer Boarders this season, and whose names have not yet been received, to send in same during this month.

It is well understood that those who receive guests in this way are not only realizing a direct benefit or profit, but are conferring a benefit on the whole community. People bring people, and the greater the accommodations you furnish, the more you assist in the rapid development of your section, and the consequent increase in values.

Blanks similar to the one herein printed can be obtained from any agent of this company, or you can write a letter, following out this form.

As the work attending the publication of our "Vacation 1902," in which we will advertise you, is considerable, and we wish to get it out for distribution at an early date, we earnestly ask that you send us full information during this month of January.

The advertising will entail no expense upon you. This Company assumes it all.

More About Frost.

For the past few weeks the DISPATCH has had something to say about frost and its bearing on the fruit interests of this valley. This has not been done merely to fill up the paper, but with the definite purpose of trying to show to our fruit growers that something may be done to avert the recurrence of such damage from frost as was suffered last spring. The astonishing success which has attended the efforts to control the forces of nature during the last quater century justifies the hope that even adverse natural conditions may be overcome by mechanical means. It has been practically demonstrated that the temperature can be so controlled over limited areas, as to prevent injury from frost. It is only a question of cost and of the best methods. There is now in use in the southern part of the state an automatic frost signal which is said to be a success. The Sacramento Record Union gives an account of the success of a similar alarm tried by L. L. Lewis, of Sacramento, last spring. Mr. Lewis says: "There are sometimes two or three frosts in the spring after the vines and fruit start out, and two hours of smudging for frost with two or three men will protect fifty acres, and you don't have to set up nights to watch it. Just set the alarm and that will wake you, and if you have things ready, it is easy, for it takes but little to change the temperature 2 or 3 degrees.

"There is no trouble about getting one of these automatic alarms.

Anybody can make one. Mine was made to order and cost $7. I figured out that though my vines were young and light, this little apparatus saved me over $200, which is pretty good interest on the investment."

The apparatus to which Mr. Lewis refers is a thermometer with two bulbs, shaped like a horseshoe, the two bulbs being uppermost. A platinum wire connects with the mercury in the themometer, and a falling temperature affects the mercury in a way to close an electric circuit, thus putting the automatic bell in operation, and it keeps ringing until fires are built to improve the atmospheric conditions.

MENDOCINO PICK-UPS.

(From the Beacon.)

The Mendocino lumber company has ordered a new locomotive for its logging road. It is to be delivered about April. A new track is being laid at the point, and other evidences abound of the activity in the lumber business.

Circle Concordia had a special meeting Tuesday evening, which was in the nature of a farewell party to Miss Daisy Seavey. The attendance was large and an enjoyable time resulted. Refreshments were served at midnight, after which on behalf of the Circle Miss Seavey was presented with a handsome ten-piece sterling silver manicure set and a toilet set.

The Mendocino high school building was this week fitted with a Frick electrical automatic program clock, which is one of the finest contrivances made to expedite the handling of many classes in a school. It begins each morning by ringing the outside bells at 8:45, and during the day it rings bells in the different departments at prearranged intervals. The principal simply maps out the daily program at the beginning of the term, makes the necessary adjustments at the clock and the clock requires no further attention during the term, save a winding each week. Its electrical department quits work each evening upon the dismissal of school and begins each morning without any attention whatever. It also shuts up shop, so to speak, each Friday evening, but apparently it has to have a calendar in sight for it resumes its duties on Monday morning. Some of the pupils aver that it will not work on legal holidays, either, but that remaims to be seen.

The death by blood poisoning of Mrs. Lulu Beebe, wife of Henry C. Beebe, at the Garcia on Sunday last, January 12th, was a shock to the whole community, and the crowd that gathered at the M. E. Church in town to attend the funeral on Tuesday indicated the feeling that prevailed among the general public.

Mrs. Isbella Sheppard, wife of Jos. Sheppard, died Sabbath evening, Jan. 12, 1902, at her home a few miles north of Point Arena, at the advanced age of 86 years and ten months. The deceased was born in Pictou, Nova Scotia, March 7, 1815, and her long and eventful life was cast in no ordinary mould.

Ben McDonald, a brother-in-law of Wm. Werden, of this place, came up on the steamer Sunday to look after his interests here. Mr. McDonald has 1500 acres of timber land within 200 yards of the graphite mine now being worked at Campbell's, and consequently is much interested to know if his holdings contain the same mineral or not. He returned to the city on Wednesday's boat, and while he would not commit himself one could see that he was well satisfied with his investigation.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Hail to the hero!
Decked out in blue, red and gilt, as in war paint—
Rejoicing like a savage in a long head-feather and gold shoulder fringes—
Proud to commit with these adornments all the crimes for which he would be disgraced and punished as a felon without them—
Modestly bearing on his breast a star and ribbon which say "I am a hero," as plainly as the beggar's placard says "I am blind"—
Admitting that he obeys orders without thinking, and thus proclaiming his complete abdication of conscience and intellect—
Hail to the hero!
O shade of Cervantes!
Come back and draw for us another Don Quixote to
Prick this bubble of militarism as you pricked that other bubble of knight errantry.
The world yearns for your reappearing.
Come and hail the hero!

The Commoner has attained within six months from date of the first issue a circulation of 100,000 copies, a record probably never equaled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic and social problems. To the columns of The Commoner Mr. Bryan contributes his best efforts; and his review of political events as they arise from time to time can not fail to interest those who study public questions.

The Commoner's regular subscription price is $1.00 per year. We have arranged with Mr. Bryan whereby we can furnish his paper and The Dispatch together for one year for $3.25. The regular subscription price of the two papers when subscribed for separately is $3.50.

By JAMES R. ELDER,
Deputy Clerk.

Apropos of a recent rule of the Methodist church at Gilroy, that the ladies remove their hats in church, as such head gear obstructs the view of the male attendants and distracts attention from the service, the esteemed Marysville Appeal remarks that the gentlemen of that progressive delta city have made no complaint and are not annoyed on this line. Is it then a legitimate inference that the gentlemen of Marysville have really begun to attend church?

We think it would be a good idea if some of our young folks would meet together and organize a social club of some kind to meet once a week or more. Music, recitations, dancing, etc., could be indulged in, and the evening passed in pleasure. The meeting place would not cost much and with 30 or 40 members it would be financially easy on each. A public social could be given now and anon to defray expenses, and we are sure they would be well attended. If some of our enterprising young folks will take hold of the matter and organize a recreation club, we feel sure their efforts will be rewarded with a large number of members.

President Roosevelt has appointed General James H. Wilson to represent the American army and Captain Charles E. Clark, late commander of the battleship Oregon, to represent the navy at the coronation of Edward VII, King of England. The appointments are good and proper ones. As there was a fight on between the friends of General Miles and of Adjutant General Corbin, and between the friends of Admiral Dewey and Rear Admiral Crowninshield on this subject, the President did well to ignore them all and appoint men of his own selection. Besides, Captain Clark deserves much greater recognition than he has ever officially received for the part he took in the Spanish-American war.

The supplementary report of the Isthmian Canal Commission favors the Panama route as against the Nicaragua route, and the battle is now on in Congress. The friends of the Nicaragua route claim that there are insuperable difficulties in the way of accepting the proposition of the Panama Canal Company to sell us their unfinished canal and property and it is also strongly urged that those favoring the Panama route are working in the interests of the transcontinental railroads for purposes of delay. The leading members of the Senate committee having the matter in charge, are strongly in favor of the Nicaragua route and immediate action. A canal bill may pass at this session of Congress, but it is not certain. Vast interests are in conflict and the completion of an Isthmian canal may be a thing of the distant future.

The San Francisco Call, of the 21st instant, in a long news article relative to the proposed removal by Mayor Schmitz, of the members of the City Board of Health, asserts that during the bubonic plague scare in that city, California was quarantined by all the world, and that it resulted in a tremendous loss to the business not only of San Francisco, but of the entire State. The fact is, about the only interest taken in the subject in the interior of the State at the time of the "scare," was in watching the efforts of the city press to show that there was no bubonic plague, after they themselves had proved that there was. The people recognized that the plague was there, but they were not scared nor excited. Nor was the State quarantined by the world. The frantic efforts of Governor Gage and others to kill the plague by asserting that no plague existed, excited some suspicion in two or three states and they took some proper precautions. As to the "tremendous loss to business," that was almost entirely imaginary.

That farcical thing called a trial which has been going on in the Superior Court at Alturas, in Modoc county for several weeks, seems to be approaching a close. The city papers, published over two hundred miles from the scene of action, have been strongly proclaiming that the Lookout lynching was a disgrace to the whole state, which was not and is not true. It was only a disgrace to those who participated in it. Other lynchings have taken place in California which attracted but little notice. The convicted Hong Di was taken from the Colusa Jail and hanged by citizens of the town whose identity was well known. The Russell brothers were lynched at Redding and no great noise was made about it. We are not Justifying the lynchers at Lookout. Their action was unfustifiable and criminal, but it was no disgrace to Ukiah or Los Angeles. But the trial at Alturas is a disgrace to the bench of Modoc county. The daily quarrels between counsel for the defence and the Judge are worse than disgraceful and the court is as bad as counsel. Judge Harrington has displayed an uncontrollable temper, and many of his actions have been entirely beneath the dignity of a court. Under his strong prejudice against the attorneys for the defense, he has made rulings which will certainly secure for the defendant a new trial, should a verdict of guilty be found.

It is much to be regretted that San Francisco has no thoroly independent daily newspaper, that is not tied up in any way with local political rings, cliques or bosses. San Francisco being the metropolis of the State, the people of the interior naturally take an interest in its affairs and come more or less under its influence. But it has come to pass that the people can have no confidence in the integrity of the daily city press, and cannot rely upon its news. It is true that the farmer or towusman who reads but one San Francisco daily is almost certain to form erroneous views of what is going on at the metropolis. For instance: last week a certain morning paper came out with an "exclusive expose" of certain violations of law by Mahoney, the county clerk. The morning paper regretted the necessity of the expose, and protested that it was only published from a sense of public duty. A sensation was created, and many people gave the morning paper credit for integrity of purpose and devotion to the public good. It now transpires that the alleged violation of law was known to the paper making the expose and to another morning paper, long before the election, and that they were parties to the unlawful compact. The only reason for the expose was that County Clerk Mahoney did not distribute the patronage of his office to suit the two papers. "'Tis true, 'tis pity, pity 'tis 'tis true," that the San Francisco daily press voluntarily shackles itself so that it cannot tell the truth.

A proposition has been sprung to give ex-presidents of the United States a life pension of $25,000 each. Why not? The $200,000 and incidentals, which a president receives for a four years term of distasteful service, and which he only accepts in a spirit of patriotic self-abnegation, is a mere bagatelle. The fact that Lincoln and his predecessors worried thru on half that sum cuts no ice, because we were then a simple republic and not an empire.

The Marysville Appeal, a leading Republican paper, says of J. A. Enquist, who is a candidate for the Democratic nomination for State Printer: "The Appeal wishes him success. The Democrats could not put up a more able or a stronger candidate. Mr. Enquist's travels up and down the State have given him a large acquaintance, which means, in his case, a wide-spread popularity.

Order to Show Cause.

IN THE SUPERIOR COURT OF MENDOCINO COUNTY, STATE OF CALIFORNIA.
In the Matter of the Estate of
JAMES FRIEL,
Deceased.

Order to show cause why sale of real estate should not be made.

JOHN TAYLOR, Administrator of the Estate of James Friel, Deceased, having filed in this Court, his verified petition, praying for an order of sale of all the real property belonging to the said estate, and which real property is situate in Noyo, Mendocino county, California, and is fully set out and described in said petition which is now on file in this Court, and it appearing to the Court from said petition that it is necessary to sell the property therein described and that it is for the best interests, advantages and benefits of said estate and the persons interested therein that the said property be sold, and that the same be sold at private sale:

IT IS THEREFORE ORDERED, by the Hon. J. M. Mannon, Judge of said Superior Court, that all persons interested in the said Estate of said Deceased, appear before the said Superior Court on Monday, the 24th day of February, 1902, at 10 o'clock, A. M. of said day, at the Court Room of said Superior Court in the Court House in Ukiah City, Mendocino County, State of California, then and there to show cause, if any they have, why an order should not be granted to said Administrator to sell all the real property belonging to said estate at private sale for the purposes set forth in said petition:

IT IS FURTHERORDERED, ADJUDGED AND DECREED, that a copy of this order be published in the Mendocino DISPATCH-DEMOCRAT, a newspaper printed and published in said Mendocino County, State of California, for at least four successive weeks prior to said 24th day of February, 1902.

J. M. MANNON,
Judge of the Superior Court.

NERVOUS AND SLEEPLESS

When a woman is nervous she is generally sleepless. If there is anything a nervous woman dreads it is the night which ought to be so welcome as the bringer of rest and refreshing. Her very dread increases her nervousness, and the fear of sleeplessness helps to make her sleepless. Sometimes a woman by the exercise of will-power tries to lie still and straight through the night. When her eyes are closed she seems conscious of some perilous presence in the room. When she lies with wide open eyes the gloom seems peopled with shadowy phantoms, that grow and melt away before her affrighted gaze. Then, perhaps, she springs from the bed and lights the gas or a lamp, feeling that she must have the companionship of light. And ever, from time to time, she rises to see what hour it is, and wonders to find it is but fifteen minutes instead of an hour since she last looked at the clock.

One of the remarkable features about such a condition is that so few women connect it with its common cause—womanly disease. They try all kinds of sedatives for their nerves. They take "sleeping powders" and headache powders and all sorts of drugs which at the best can only numb the nerves and stupify the brain for a time. The real need of nervous, sleepless women is a cure of womanly diseases. Then with quited nerves natural, refreshing sleep will come again.

Nervous and sleepless women bear glad and grateful witness to the wonderful cures effected by the use of Dr. Pierce's Favorite Prescription. Even when the nervous condition had reached the most distressing stage, and all other medicines and means of cure had failed, Dr. Pierce's Favorite Prescription has effected a perfect and permanent cure.

"It is with pleasure that I write to let you know the great benefit I have received from your medicines, and by following your advice regarding self-treatment at home," writes Mrs. Selma Erickson, of 496 Rice Street, St. Paul, Minn. "You kindly advised me to take Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' and 'Pleasant Pellets.' When I first wrote you I had been to three different doctors, and two of them said I would never get better without going to the hospital for an operation. I just sat down and cried, and said, 'If I die, I will die at home with my two dear little ones.' I had a mishap in May last and was weak all summer. Was not able to do anything. If I would get up and walk to the kitchen and back I would have to lie in bed for a day or sometimes two days. Last August I picked up one of Dr. Pierce's pamplets and read of his wonderful work. I wrote to him for information and received an answer within five days from the day I wrote, advising me to try his medicines. Now I have used six bottles of his 'Favorite Prescription' and six of the 'Golden Medical Discovery,' and the result is just wonderful. I did not tell the doctors what I was taking. I have not been to any physician since the day I received the first letter from Dr. Pierce, and I feel as good as I ever did before I had the mishap. *I was so nervous* I had to have some one by my side all the time, even in daytime, and I could hardly eat anything. I took treatment from a doctor twice a week, and every time I would go there I felt so sick, but since I quit all the doctors and began taking your medicine I gained right along. I have gained forty pounds within the last four months. I weighed 125 when I began taking your medicines (in August), and now I am up to my usual weight—165. I cannot thank you enough for your wonderful medicines, and I wish you every success in the treatment of other cases as you have had in mine. When I think what I suffered last summer it seems now like a dream, for to-day I am as well and feel as good as ever."

"My wife was sick for over eight years," writes Albert H. Fulte, Esq., of Altamont, Grundy Co., Tenn. "She had uterine disease and was treated by two physicians and got no relief. At last I read in one of your Memorandum Books which you sent me, about Dr. Pierce's medicines, and we decided to try his 'Favorite Prescription.' I sent to the drug store and got one bottle, and *the first dose gave ease and sleep.* She had not *slept any for three nights.* Being sure that it would cure her, I sent for five more bottles, and when she had taken the sixth bottle she was sound and well."

These are not exceptional cures. These letters are but two out of thousands written by women who found health through the use of Dr. Pierce's Favorite Prescription. This great medicine for women establishes regularity, dries debilitating drains, heals inflammation and ulceration and cures female weakness. It cures nervousness, sleeplessness, backache, headache, and other consequences of womanly disease. "Favorite Prescription" is purely a vegetable preparation containing no alcohol, neither opium, cocaine, nor any other narcotic. It cannot disagree with the weakest constitution.

Mrs. Erickson, in her letter printed above, refers gratefully to correspondence with Dr. Pierce and advice received from him. Dr. Pierce invites sick and ailing women to consult him by letter, *free.* All correspondence is held in sacred secrecy and the written confidences of women are guarded by strict professional privacy. Care of Plants.

The first thing necessary to keep house plants is the preparation of the soil. It is said that a good soil is made by putting together equal parts of the three following things: Soil from the sides of a barnyard, well rotted manure and leaf mold from the woods, or earth from the inside of an old tree or stump. Add a small quantity of sand. For cactuses put as much sand as of other materials and a little fine charcoal.

To make house plants grow a most excellent thing is said to be to saturate the earth around them every day with the coffee left over at breakfast.

Five to six drops of ammonia to every pint of water once a week will make house plants flourish.

A good way to keep geraniums in winter is to take the plants out of their pots, trim off the leaves and outer branches, shake off all the soil from the roots, hang them in bunches, roots upward, in a dry, dark closet or cellar where they cannot be touched by the frost. In the spring repot them in good rich soil.

No Heroics.

She (eagerly)—And what did papa say when you asked him for me?

He—Consented at once.

She—Glorious!

He—Oh, I don't know. He might at least have given me an opportunity to tell him that I'd marry you even though we had to elope.—Ohio State Journal.

One More "Less."

The Belle Plaine (Kan.) Defender remarks: "Horseless carriages, wireless telegraphy, smokeless powder, hornless cattle, seedless raisins and brainless dudes have long been the vogue, but this year the fad seems to have taken hold of the farmers all over the country, and they have raised earless corn."

Tapped the Silo.

Farmers about Cortland, N. Y., a prohibition district, were puzzled to find that their hands got drunk without any visible liquor supply. They finally discovered that the employees had tapped the silo for the juice of the green cornstalks, which, fermented, makes a liquor that is pleasant but most terrible.

Preparing For Ma's Visit.

Mrs. Todd—Dear me, why did you buy all those hideous things to fill up our only spare room? It's like a bear's den.

Mr. Todd—You know, dear, your mother is sure to visit us some time and I wanted to make her feel at home.—Chelsea (Mass.) Gazette.

Cause For Grief.

Mr. Binks—Why so unhappy?

Mrs. Binks—I hate that Mrs. Nexdoor with a deadly hate, and I'm perfectly miserable over it.

Mr. Binks—She doesn't know it.

Mrs. Binks—That's why I'm unhappy.—New York Weekly.

Figuring on His Average.

"How long has Graphter been in politics?"

Well, let me see. He's worth now about half a million. He must have been in politics ten years."—Chicago Tribune.

A Luxury.

Elderly Spinster (coyly)—I think there should be a tax on the "single state," don't you, colonel?

Ungallant Bachelor—Yes, as on all other luxuries.—Detroit Free Press.
